### **DETAILED ACTION**

#### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 2 rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are: "wherein the compressed mode scrambling code is one of the outputs of the second and third adders and the primary scrambling code and the compressed mode scrambling *code are generated at a time.*" This examiner is unable to interpret exact meaning from this statement.

#### ***Allowable Subject Matter***

3. Claim 8 objected to as being dependent upon a rejected base claim, but would be allowable if independent claim overcomes the 35 U.S.C. 112, 2<sup>nd</sup> paragraph rejection, above.
4. Claims 1, 3-7 are allowable.
